SECTION A : CORE POLICY ON FIT AND PROPER

1. Background, Applicability and Review of this Policy

BNM requires all Financial Institutions (FIs) to establish policies and procedures to ensure all persons holding positions of responsibility, i.e. "Key Responsible Persons" and Company Secretary in the FIs are fit in accordance with its guideline on "Fit and Proper Criteria" (BNM Guidelines).

As such, the policies on "Fit and Proper" have been developed for Alliance Bank Malaysia Berhad and/or its subsidiaries (the Group) and segregated into 2 parts, i.e. Core Policy document and Supplementary Policy document, whereby the former (referring to this Policy document) is to be approved by the Board whilst approval for the latter (together with the procedures) is delegated to Group Nomination and Remuneration Committee (GNRC).

This Policy is applicable to the Group as a whole, and shall be reviewed at least once in every two (2) years.

2. Fit and Proper Criteria and Policies

This document contains the core policies. The detailed definition and elucidation is provided in the supplementary policy document, guided by the BNM Guidelines. In view of this, the key criteria that are expected of the Group are detailed out in the following table:

**SECTION B : SUPPLEMENTARY POLICY ON FIT AND PROPER****1. Purpose, Applicability and Review of this Policy**

The purpose of this Policy is to provide a detailed explanation on the policies set in the "Core Policy on Fit and Proper" document. As such, this Policy must be in conformance with the Core Policy document, and at the same time guided by BNM's guideline on "Fit and Proper Criteria". This is vital in ensuring that the interests of customers, stakeholders and shareholders are managed and overseen competently and by honest and trustworthy individuals. This is achieved by making sure that all persons who hold positions of responsibility are fit.

This Policy shall be applicable to Alliance Bank Malaysia Berhad and/or its subsidiaries (the Group) and has been developed to ensure that individuals appointed to Key Responsible Person and Company Secretary positions have the appropriate skills, experience and knowledge for their roles and act with honesty and integrity and that all Key Responsible Persons and the Company Secretary are fit and proper to direct and manage the Group's key business activities and functions.

This Policy shall be reviewed at least once in every two (2) years to ensure its relevance and alignment with material changes in the business and risk profile and strategies of the Group.

2. The Individuals Who Must Be Assessed

The individuals who must be assessed are those who are appointed as Key Responsible Persons and the Company Secretary of the Group.

2.1 Key Responsible Persons

- (i) Directors;
- (ii) Members of the Shariah Committee;
- (iii) Chief Executive Officers (CEOs) ;
- (iv) Senior Officers¹

¹ For the avoidance of doubt, senior officers do not include the company secretary.

2.2 Senior Officers

For the purpose of item 2.1 (iv) above, Senior Officers refer to:

- (i) any person performing a senior management function whose primary or significant responsibility is for the management and performance of significant business activities of the Group, including a person who:

Issue Date: 31 October 2022	Page 15	Version No: 5.1/2022

- a. has the authority over, makes or has substantial influence in making decisions that affect the whole or a substantial part of the Group's business;
 - b. is principally accountable or responsible, whether solely or jointly with other persons, for implementing and enforcing policies and strategies approved by the Board; or
 - c. is principally accountable or responsible, whether solely or jointly with other persons, for developing and implementing systems, internal controls and processes that identify, measure, monitor or control the Group's risks.
- (ii) any person who assumes primary or significant responsibility for key control functions, including a person who is principally accountable or responsible, whether solely or jointly with other persons, for monitoring the appropriateness, adequacy and effectiveness of the Group's internal controls, risk management and compliance systems and processes and includes the chief internal auditor, chief risk officer, chief compliance officer, chief financial officer and the appointed actuary. It also includes any person who is mainly accountable or responsible for key functions of the Group under a centralised group function or shared services arrangement.

Notwithstanding the foregoing, all Management Committee (MANCO) members of the Group shall be Key Responsible Persons for the purpose of this Policy.

2.3 Responsibility for Assessment of Key Responsible Persons and the Company Secretary

The Group Nomination and Remuneration Committee (GNRC) shall be primarily responsible for ensuring that all Key Responsible Persons and the Company Secretary fulfill fit and proper requirements and for conducting assessments of the fitness and propriety of Directors, members of Shariah Committee, Group CEO/CEO, the Company Secretary and other MANCO Members.

GRMC, assisted by Group HR, will be responsible for conducting assessments of the fitness and propriety of the Group Chief Risk Officer and Group Chief Compliance Officer, while similar assessments on Group Chief Internal Auditor will be conducted by the GAC with the assistance of Group HR. For other Key Responsible Persons, assessments of fit and proper may be made by the Group CEO and assisted by Group HR.

3. Fitness and Propriety

3.1 General Principles

(a) Fitness

Key Responsible Persons and the Company Secretary must have appropriate knowledge, skills and experience. The Group CEO (or delegate), must identify and document the competency requirements for the Key Responsible Person positions by way of a job description.

The Chairman of the Bank (or delegate) must identify and document the competency requirements for the Group CEO's position by way of a job description.

Issue Date: 31 October 2022	Page 16	Version No: 5.1/2022
Next Review Date: 31 October 2024		

In the case of Directors, every director is generally expected to have a general knowledge of:

- the role and responsibilities of a Director;
- the Group, its business and its regulatory environment;
- financial reporting; and
- risk management practices.

However, each Director is not expected to have all the competencies that the Board collectively needs if other directors have those competencies or they are obtained from external consultants or experts.

(b) Propriety

Key Responsible Persons and the Company Secretary must also act with honesty and integrity and therefore each Key Responsible Person and the Company Secretary, individually, must satisfy requirements in relation to propriety.

3.2 Relevant Factors

The relevant factors which will be taken into account in reaching a judgment as to an individual's fitness and propriety to act as a Key Responsible Person or the Company Secretary include the following:

- (a) The person's qualities, competence and experience relative to the duties involved, including whether there are reasonable grounds to believe the person:
 - (i) possesses the personal qualities such as honesty, integrity, independence of mind and fairness, and necessary skills, knowledge, expertise, diligence and soundness of judgement to undertake and fulfill the particular duties and responsibilities of the role in question;
 - (ii) has demonstrated the appropriate competence in fulfilling occupational, managerial or professional responsibilities previously and / or in the conduct of his or her current duties; and
 - (iii) has managed his debts or financial affairs prudently.
- (b) Whether the person:
 - (i) is or has been the subject of any proceedings of a disciplinary or criminal nature, or has been notified of any impending proceedings or of any investigations, which might lead to such proceedings;
 - (ii) has contravened any provision made by or under any written law designed to protect members of the public against financial loss due to dishonesty, incompetence or malpractice;

Issue Date: 31 October 2022	Page 17	Version No: 5.1/2022
Next Review Date: 31 October 2024		

- (iii) has contravened any of the requirements and standards of a regulatory body, professional body, government or its agencies;
- (iv) or any business in which he has a controlling interest or exercises significant influence, has been investigated, disciplined, suspended or reprimanded by a regulatory or professional body, a court or tribunal, whether publicly or privately;
- (v) has been engaged in any business practices which are deceitful, oppressive or otherwise improper (whether unlawful or not), or which otherwise reflect discredit on his professional conduct;
- (vi) has been dismissed, asked to resign or has resigned from employment or from a position of trust, fiduciary appointment or similar position because of questions about his honesty and integrity;
- (vii) has been associated, in ownership or management capacity, with a company, partnership or other business association that has been refused registration, authorization, membership or a license to conduct any trade, business or profession, or has had that registration, authorization, membership or license revoked, withdrawn or terminated;
- (viii) has held a position of responsibility in the management of a business that has gone into receivership, insolvency, or involuntary liquidation while the person was connected with that business;
- (ix) has been a director of, or directly concerned in the management of, any corporation which is being or has been wound up by a court or other authority competent to do so within or outside Malaysia, or of any financial institution, the license of which has been revoked;
- (x) has acted unfairly or dishonestly, in the past, in his dealings with his customers, employer, auditors and regulatory authorities or other third parties;
- (xi) has at any time shown a strong objection or lack of willingness to cooperate with regulatory authorities resulting in a failure or potential failure to comply with legal, regulatory and professional requirements and standards, including compliance with tax requirements and obligations;
- (xii) has contributed significantly to the failure of an organization or a business unit;
- (xiii) has at any time shown strong objection or a lack of willingness to maintain effective internal control systems and risk management practices; and
- (xiv) is involved in any business or other relationship which could materially pose a conflict of interest or interfere with the exercise of his judgement when acting in the capacity of a Key Responsible Person or Company Secretary which would be disadvantageous to the Group or the Group's interest.

Issue Date: 31 October 2022	Page 18	Version No: 5.1/2022
Next Review Date: 31 October 2024		

- (xv) has been appointed or elected for office as a Director or officer of another organisation without the respective entities' prior approval, if applicable.
- (c) whether the person :
 - (i) has the appropriate qualification, training, skills, practical experience and commitment to effectively fulfill the role and responsibilities of the Key Responsible Person or Company Secretary positions and in the case of directors, having regard to their other commitments that may give rise to competing time commitments and impairing his/her ability to discharge his/her role as director effectively; and
 - (ii) has satisfactory past performance or expertise in the nature of the business being conducted.
- (d) whether the person :
 - (i) has been and will be able to fulfill his financial obligations, whether in Malaysia or elsewhere, as and when they fall due; and

 - (iii) has adhered to the Group's Whistle Blower Policy, Anti-Bribery & Corruption Policy and Procedures and the Gifts & Entertainment Policy.

The foregoing is not an exhaustive list but includes examples of matters that the Group will consider when assessing an individual's status or suitability. Demonstration of one or more of the above criterion is not, in itself, sufficient to make an individual not fit and proper. The Group will consider the specific circumstances surrounding a person's failure to meet specific indicators, including the lapse of time since the occurrence of events and the significance of the event from the perspective of potential risks posed to the Group.

In addition, if a person has a conflict of interest, that person will not be appointed to, or permitted to hold, a Key Responsible Person or the Company Secretary position if the Group is satisfied that the conflict will create a material risk that the person will fail to perform properly the duties of the position.

3.3 Conflicts of Interest

(a) Generally

Key Responsible Persons and the Company Secretary are required to act in the best interests of the Group at all times.

The Fit and Proper Declaration requires a declaration that there are no actual or potential conflicts of interest that are likely to influence the person's ability to carry out his or her role and functions with appropriate probity and competence. If this declaration cannot be made, details of any conflicts must be disclosed. This Fit and Proper Declaration must be repeated annually.

A person is not fit and proper unless the person either:

- (A) has no conflict of interest in performing the duties of the Key Responsible Person or the Company Secretary positions; or
- (B) if the person has a conflict of interest, the conflict does not create a material risk that the person will fail to perform properly the duties of the position.

Directors are required to disclose at any meeting of Directors any conflict or conflicts that might arise, as and when they arise, and to absent themselves from meetings at which matters in relation to which they have a conflict are discussed, unless other Directors resolve that they should be present.

Key Responsible Persons and the Company Secretary may only accept and receive token gifts, modest hospitality and professional courtesies. They must not accept or give a gift, hospitality or courtesy that could either lead to, or be seen to lead to, a conflict of interest such that their judgment is prejudiced or improperly influenced, which is against the Anti-Bribery & Corruption Policy and Procedures and the Gifts & Entertainment Policy.

(b) Former Auditors

It is not appropriate that a person who has previously been involved in the audit of the Group be appointed as a Director or to a senior management position within three years after the audit, as to allow this would compromise the person's independence and objectivity. Therefore, for the purposes of this Policy, a person who has served in a professional capacity in the audit of the Group in the previous three years is considered not to be fit and proper for the purposes of assuming a Key Responsible Person or Company Secretary position.

Confirmation is required in the Fit and Proper Declaration that a proposed Key Responsible Person or Company Secretary (where applicable) has not been involved in the audit of the Group in the previous three years.
