

## PRODUCT DISCLOSURE SHEET

Dear Customer,

Please read and understand this Product Disclosure Sheet ("PDS") before you decide to apply for this product and seek clarification from Alliance Islamic Bank Berhad ('Bank') if you have any queries.

Alliance Islamic Bank Berhad  
("Bank")

Date:

### 1. What is SME Express Financing-i Program?

- This is a term financing facility to assist small and medium enterprise with viable business and project but lack of the collateral to obtain financing.
- The purpose of this facility is to finance your general working capital requirement.
- The applicable Shariah contract is Murabahah via Tawarruq (also known as Commodity Murabahah).
- A Tawarruq consists of two sale and purchase contracts. The Bank purchases commodities from a supplier and then enters into a Murabahah contract with the customer for the sale of commodities to the customer on deferred payment terms at the Bank's Selling Price. Thereafter, the customer sells the same commodities to a third party on cash and spot terms. To facilitate the above, the Bank shall enter into a "dual-agency" arrangement, whereby you (the principal) shall appoint the Bank as your agent via an agency (wakalah) contract to purchase commodities from the Bank on your behalf and subsequently sell the commodities to a third party.

### 2. Know Your Obligations

**The monthly instalment** is RM11,549.10

#### IMPORTANT:

- The Selling Price which is inclusive of profit charges is fixed at the point of each disbursement and calculated based on the prevailing Profit Rate.
- For financing with variable Effective Profit Rate, the BR, BFR and COF are subject to fluctuations which may vary the instalments to be paid. However, the profit rate increase is capped at the Ceiling Profit Rate.

#### It is your responsibility to:

Settle the financing amount plus profit on the maturity date. Speak to us if you wish to settle your financing earlier.

Ensure you can afford to **pay a higher instalment** if the Overnight Policy Rate (OPR) increases.

\*The Base Rate ("BR"), Base Financing Rate ("BFR") and Cost of Funds ("COF") are set as the Overnight Policy Rate (OPR) decided by Bank Negara Malaysia. The BR, BFR and COF can increase or decrease due to changes in the OPR.

**If you wish to settle your financing early before maturity, you should know that:**

If you make a partial payment prior to the maturity of the financing (“pre-payment”) your liability will reduce accordingly as profit for the remaining tenure after pre-payment will be calculated based on the lower principal balance. If you fully settle the financing prior to maturity (“early settlement”) the Bank will not collect profit for the remaining tenure after settlement. The Bank will grant rebate (*ibra*) on the Selling Price (total obligation for the financing) due to the pre-payment/early settlement based on the formulas as set out below in the event of any of the following scenarios:

- i. Early redemption / settlement, where the customer has given prior written notice to the Bank;
- ii. Settlement due to restructuring of the Facility;
- iii. Settlement by customer where the Facility is in default / after the Bank executed foreclosure proceedings and auctioned the asset pledged as collateral;
- iv. Settlement by customer in the event of termination or cancellation of Facility before the maturity date.

**Formula:**

**Settlement Amount = Outstanding Facility Amount + Profit due – rebate (*ibra*) + Late Payment Charges (if any) + Miscellaneous charges (if any)** Where: **Rebate (*ibra*) = Deferred profit – Early Settlement Charges (if any)**

**Note:** The remaining unearned profit is equal to unrealised profit at the time of full settlement.
